Introduction to Civic Engagement**

## Community Partner Information Worksheet

Name of Organization:
Contact Person for Jose Preciado, Director of Community Engagement:
Phone: _____ Email: _____
Contact Person or Site Supervisor for SDSU Students (if different):
Phone: _____ Email: _____

<b>Project Title:</b>
Description: Please describe the project you would like students to work on while volunteering with your organization. Be as specific as possible, providing the types of work students will do, the people with whom they will interact, and the final project you want them to work on.

Location of work:	Resource Persons(Others in your organization who might help):
Number of Students Needed:	Schedule Students may work:

**Organizational Outcomes:** Please describe what outcomes you hope will come from this partnership with students. Be as specific as possible (ex: serve as a peer mentor to K-12 age students; carry out cross-generational activities with seniors; support event production and management, etc.)

**Students' Learning Outcomes:** Please describe what you hope students will learn or "take away" from volunteering with your organization. These "take aways" should be related to the mission of your organization (ex: develop an understanding of community service in health field; work collectively with professionals or volunteers as a unit to provide social services; support professional staff and other providers to improve the "condition(s)" of communities in the College Area; learn about the design and support of sustained neighborhood beautification efforts, etc.)

**Additional Information:** Please provide any additional information you feel will be helpful for the course instructor or the SDSU student volunteers as we prepare for our new partnership!

**Contact:**

Jose Preciado, Director of Community Engagement
